

HunterDouglas®

Quantum System Roller Blinds

*Globally inspired, exquisitely
crafted, inherently strong &
made in Australia*

Heavy Duty Tubes

Allows you to span even the largest windows beautifully, with a wide range of styles including the QUANTUM Standard, Linked and Dual Roller System.

Bottom Rail with Bumper

The **Ellipse Balance Rail** features a sound-proofing bumper and has been designed with perfect weight distribution to ensure your fabric hangs flat.

Wide Choice of Fabrics...

Designed to suit your light, glare, heat and privacy needs with a range of low VOC (Volatile Organic Compound) textiles for those sensitive to the smell of fabrics

Sanitised for optimal hygiene and treated with DURAGUARD® Fabric Protector to repel most stain-causing agents.

Chain & Gear Ratios

Chain-operated rollers are available with gear ratio to cater for larger blinds

Child Safe Chain Retention

All Hunter Douglas applications are compliant with child safety standards using tensioner devices to secure loose cords and chains out-of-reach of little hands

Made in Australia....
